7. STARTING PITS

8. PLATOONS

SPECIFIC RULE ON MIXED PLATOONS (NEW)

Because the P2P Skate Marathon is held with starts differentiated by sex, **mixed male and female platoons are not allowed to form during the event.**

It is expressly prohibited that:

- **Female participants circulate integrated into male platoons**
- **Male participants circulate integrated into female platoons.**

The purpose of this rule is to avoid external aid, taking advantage of the slipstream, team strategies and any other situation that may alter competitive equality.

Failure to comply with this rule will result in the immediate disqualification of the person or persons involved.

***This rule will not affect amateurs**

9. ROAD SAFETY

THROUGHOUT THE ENTIRE ROUTE YOU CAN ONLY SKATE IN THE RIGHT LANE

EXCEPTION: THE AREAS ALLOWED TO INVADGE THE OPPOSING LANE

You may enter the opposite lane only when there are volunteers waving RED FLAGS. 

10. PLASTIC BOTTLES

With the aim of collecting the greatest number of water bottles that are distributed at the liquid refreshment stations, about 150-200m after each refreshment station, the skaters will be able to throw the used bottles for the members of the organization to collect.

**START WASTE DISPOSAL
AREA**

**END OF WASTE DISPOSAL
AREA**

In the sections between these two signs, bottles can be thrown into the ditch that will be collected by the organization.

Let's practice a sport as ecological as
skating in a responsible way.
